Chennai, Taminnadu - 600 037

ABOUT ME

Frontend Developer with 2+ years of experience in HTML, CSS, JavaScript, and React.js, specializing in building responsive and user-centric web applications. I have a strong background in creating seamless e-commerce platforms and billing software, ensuring visual consistency and cross-browser compatibility. Recently, I've developed a growing interest in XML and data structuring for web applications, eager to incorporate it into my skill set to enhance data management and performance optimization.

EXPERIENCE

Tech Tools Trading India Pvt Ltd

Oct 2024 - Sep 2024

Web Developer

- Designed and maintained responsive user interfaces, ensuring optimal performance across multiple devices.
- Managed end-to-end web development, from initial design to deployment, including content structuring and hosting setup.
- Developed reusable components and rigorously tested websites for usability and performance.
- Began exploring XML-based content management to streamline data handling within the platform.

Bridged Solution

Apr 2022 - June 2023

Frontend Developer

- Developed a responsive platform for product browsing and inquiry, focusing on user experience and site performance.
- Collaborated with backend developers for API integration and began experimenting with XML for efficient data structuring.
- Utilized React.js, Node.js, and MongoDB to create a scalable web application with an emphasis on data integrity and efficient flow.

Integral Coach Factory

Nov 2018 - May 2021

Act Apprentice - Fitter

- Completed comprehensive training in plasma cutting, gas cutting, drilling, grinding, and TIG assembly.
- Demonstrated strong involvement in shop floor activities, with a focus on quality and efficiency.

PROJECTS

E-Commerce Platform with XML Experimentation

- Built a responsive e-commerce site for product browsing, cart management, and secure transactions.
- Implemented XML for structured content management, enhancing data organization and retrieval.

Product Browsing & Inquiry Site

- Developed a platform focused on seamless navigation and cross-browser compatibility.
- Started using XML for data organization and explored its impact on performance optimization.

EDUCATION

ST Thomas College of Arts and Science | University of Madras

Bachelor's in Computer Science

July 2015 - Apr 2018 | CGPA of 6.67

CORE COMPETENCIES
