

# Logeshwari S

## Health Operations Associate

Motivated Front-End Developer with a strong foundation in HTML, CSS, and JavaScript. Recently completed a comprehensive web development course, including hands-on projects using React and Bootstrap. Eager to apply my knowledge of responsive design, cross-browser compatibility, and user-centred development in a professional setting. Passionate about learning new technologies and contributing to team success.

## WORK EXPERIENCE

### Health Operations Associate Accenture Private Ltd

05/2022 - Present

Chennai

Accenture Private Limited is a global professional services. It provides a wide range of services and solutions in strategy, consulting, operations.

#### Achievements/Tasks

- I am working as a transaction processing associate and now I have been promoted to Health Operations Associate. I am a versatile performer, in my project I have worked in 4 different teams.
- I have played vital roles in my team like training, process support, and handling escalation from the client side.
- As a process expert, I gave KTs, creating documents, creating test IDs and test documents for automation.
- And also auditing the automation results. I have good analytics skills and problem-solving skills. I am flexible at my work.
- I excel at teamwork. And my TLs are cooperative and friendly. They understand my preference for work, so they'll be involved in every new task.
- They are asking for my opinion before signing off on the project.
- As my daily responsibility in my work is connecting with developers and checking the process automation results.
