- TCP/IP Protocol Suite

EDUCATION

MCA

K.L.E. Society's S. Nijalingappa College, February 2024

GPA: 7.0/10

BCA

Guru Nanak First Grade College, December 2021

GPA: 7.2/10

PERSONAL PROJECTS

- As part of the Academics worked on one mini project.
- **Minor Project 1: E-GOVERNANCE:** The administration will allocate the project and there will be a bidding process for this project, which is all about government tenders.
- **Technologies:** java,HTML,CSS,Javascript.
- **Description:** The Online E-Governance System is a Web application that is open to all users. Different sorts of managers have been given access permissions to this program, and their functionalities are limited, so that data is kept secure and redundant data is avoided. Because the Data is kept electronically, a computer and a network connection are required to access the Application.

- **Minor project 2 : CREDIT CARD FRAUD DETECTION**

- **Technologies:** MachineLearning,python,HTML,CSS,Javascript,JSON

- **Description :**The goal of this credit card fraud detection project is to develop a robust and efficient machine learning model capable of identifying fraudulent transactions while minimizing false positives. This system's implementation helps to improve the security and trustworthiness of credit card transactions in real-world circumstances.
