- Webflow & Framer
- Wordpress
- Canva
- HTML5 and CSS3

### LANGUAGE EXPERTISE

- English
- Malayalam
- Tamil

### ABOUT

I am a passionate UI/UX Designer with 2 years of hands-on experience, gained through personal projects and freelance work. My journey has allowed me to independently manage the entire design process, from conducting user research to crafting intuitive and visually engaging interfaces. I have successfully delivered 3-4 freelance projects, each tailored to client needs, enhancing user experiences and driving engagement. My diverse project background has equipped me with a strong foundation in design thinking, prototyping, and usability testing, enabling me to bring creative solutions to real-world challenges. I am eager to leverage my skills and continue growing as part of a forward-thinking team.

### PROFESSIONAL EXPERIENCE

#### UI/UX Designer

June 2023 – Present

Designed and developed user interfaces for a range of digital products including websites, web applications, dashboards, and mobile applications.

Created wireframes, mockups, and prototypes to effectively communicate design ideas and concepts.

Applied user feedback and data-driven insights to iterate and improve design solutions.

Proficient in design tools such as Figma and other relevant software to create high-quality design assets.

Utilized design systems and style guides to maintain consistency across different platforms and products.

Kept up-to-date with the latest trends and best practices in UI/UX design, continually enhancing skills and knowledge.

**Software Developer** (*Enkaytech, Bangalore*)

Jan 2022 – Apr 2023

Conducted daily health checks and monitoring of applications to ensure optimal performance and quick resolution of any issues.

Performed integrations between various applications to enhance system functionality and interoperability.

Provided support to senior software developers, assisting with coding, debugging, and troubleshooting to expedite project completion.

Maintained comprehensive documentation of system integrations, processes, and procedures for future reference and team collaboration.

Analyzed and resolved technical issues, ensuring minimal disruption to business operations and timely delivery of solutions.

**EDUCATION**

Suguna College of Engineering

**Bachelor of Mechatronics Engineering**

Coimbatore, Tamilnadu

**2017 – 2020**

Kongu Polytechnic College

**Diploma in Mechatronics Engineering**

Perundurai, Tamilnadu

**2013 – 2016**
