## SUMMARY

Frontend Developer with 1 year of experience using React.js to create responsive and engaging web applications. Skilled in modern web technologies, including HTML, CSS, and JavaScript. Experienced in API integration, state management, and performance optimization to deliver high-quality solutions.

## WORK EXPERIENCE

Nov 2023 - Present

### AKHM Software Solutions Bengaluru

Frontend Developer (React JS)

- I have one year of experience as a **Frontend Developer** specializing in **React.js** at **AKHM Software Solutions, Bengaluru**.
- Built mobile-first, user-friendly interfaces with React.js, HTML, CSS, and JavaScript.
- **Dynamic Single-Page Applications (SPAs)**: Created interactive SPAs with seamless navigation and real-time updates, ensuring an intuitive user experience.
- **State Management**: Utilized **Redux** and **Context API** to manage application state efficiently, enabling consistent data flow across components.

## EDUCATION

July 2020 - April 2024

### Excel Engineering College Namakkal, Tamil Nadu

B.Tech IN Artificial Intelligence and Data Science Engineering - 8.12

## PROJECT

Aug 2024 - Nov 2024

### BIKE-VENTURE [🔗](#)

- Developed a Full stack web application that allows users to book bikes for rent on an hourly basis.
- Implemented user authentication, authorization, and integration with Stripe for secure payments
- Designed a user-friendly interface using React and Library

Jan 2024 - March 2024

### E-Commerce Application Using React.js [🔗](#)

- **Technologies**: React.js, HTML, CSS, JavaScript, React Router, Context API/Redux
- Built a responsive e-commerce platform with interactive user interfaces.
- Added features like product listing, search, filters, shopping cart, and checkout.
- Utilized React Router for smooth navigation between pages.
- Added form validation for secure login, registration, and checkout processes.
