PROFILE

I am a dedicated software developer with a Master's in Computer Science and extensive experience as a web developer. Proficient in JavaScript, React.js, and SQL, I excel at creating dynamic, user-friendly web applications.

My technical expertise, coupled with a strong foundation in both front-end and back-end development, positions me to contribute effectively to innovative software projects. I am passionate about leveraging my skills to develop high-quality solutions that meet user needs and drive business success.

WORK EXPERIENCE

Future Market Insights (FMI)   SEPT 2023 - PRESENT

HTML Developer

- Developed and maintained responsive websites using HTML, CSS, JavaScript, and WordPress.
- Collaborated with design and content teams to implement user-friendly features and improve site functionality.
- Optimized website performance, ensuring fast load times and cross-browser compatibility.
- Conducted regular site audits, identified technical issues, and implemented solutions to enhance SEO.
- Managed website updates and version control using Git, ensuring seamless deployments.

Cravita Technologies Private Ltd.   FEB 2023 - AUG 2023

Software Developer (internship)

- Assisted in developing and maintaining web applications using JavaScript, Python, React.js, and Node.js.
- Collaborated with senior developers and participated in code reviews to ensure quality.
- Improved application performance by identifying bugs and optimizing code.
- Worked in an Agile environment, contributing to daily stand-ups and sprint planning.
- Gained proficiency in Git for version control and enhanced problem-solving skills.

OBJECTIVE

As an HTML developer with a strong foundation in front-end development, I am passionate about creating clean, responsive, and user-friendly websites. Proficient in HTML5, CSS3, and JavaScript, I focus on delivering seamless user experiences across devices.

My experience in collaborating with teams, optimizing site performance, and implementing accessibility best practices has equipped me to build high-quality, standards-compliant websites. I seek an opportunity to join a dynamic team where I can continue to grow and apply my skills, contributing to innovative projects that enhance user engagement and drive business success.
