🧩 Roles and Responsibilities

Mobilestyx Consulting and Solutions
- Creating interactive prototypes of the website using Photoshop Adobe XD or other design tools.
- Developing website code: responsible for coding the website, using HTML, CSS, and other programming languages.
- Spearheaded the development of responsive and visually appealing web applications, translating design concepts into interactive user interfaces.
- Collaborated with UX/UI designers to implement wireframes and mockups, ensuring a seamless and engaging user experience.
- Conducted thorough testing and debugging to identify and resolve issues, maintaining high-quality standards.

Prometheus solutions Pvt LTD
- Led a team of front-end developers in designing and implementing user interfaces for various client projects, achieving a 15% increase in customer satisfaction.
- Implemented responsive design principles, ensuring cross-browser compatibility and consistent user experience across multiple devices.

- Collaborated with back-end developers to integrate front-end contributing to the successful completion of complex web applications.
- Stayed updated on emerging trends and technologies, incorporating the latest tools to enhance development processes.

Ambab Infotech Pvt ltd

- Developed and maintained the front end of the **Welspun website**, ensuring a seamless and user-friendly experience.
- At **Yves Rocher,** a pioneer in natural beauty products, I contribute to the company's commitment to "living beauty" by seamlessly blending technology with the essence of nature. As a Front-End Developer, I play a crucial role enhancing the online presence of this renowned brand
- Front-End Development: HTML, CSS, JavaScript
- Responsive Design
- Cross-Browser Compatibility
- E-commerce Integration
- Performance Optimization
- Collaboration and Communication

Fulcro   Mumbai, India

- Adobe Experience Manager (AEM): Content authoring, digital asset management
- Web Technologies: HTML, CSS, JavaScript
- Collaboration and Communication
- Collaboration and Teamwork
- Technical Troubleshooting and Issue Resolution
- **Designed and developed a robust Umbraco-based content management system** for PolyCab, including custom content types, dynamic templates, and a user-friendly media library, enhancing the company's online presence and streamlining content updates.
