PROFESSIONAL EXPERIENCE

HealthSignz Technologies Pvt. Ltd, UI Developer
July 2022 – February 2024 | Bangalore, India

- Transformed the visual aesthetics of a SASS-based web application for various partners, enhancing the overall user experience.
- Implemented a user-friendly and appealing User Interface, optimizing the entire web application.
- Acquired proficiency in new style frameworks like Tailwind CSS and DaisyUI, elevating code standardization and simplification.
- Developed a website from inception to completion for a partner using HTML5, TailwindCSS, Flowbite, and CSS within the React environment.
- Achieved client satisfaction with an aesthetically pleasing user interface delivered within a short timeframe.
- Ensured uniformity in work, engaging in continuous implementation and development aligned with client requirements.
- Created a responsive web application for healthcare-oriented operations, streamlining processes from appointment scheduling to final discharge, resulting in seamless and efficient patient management.
- Conducted usability testing and gathered user feedback to enhance application features and interface design.
- Assisted in the development of web applications using HTML, CSS, and JavaScript, ensuring cross-browser compatibility.
- Participated in code reviews and contributed to team knowledge sharing sessions, fostering a collaborative environment.
- Created reusable components and libraries to streamline development processes and enhance code maintainability
- Developed web applications for Vijiya Diagnosis Center using React, HTML5, SCSS, and Tailwind CSS, enhancing user experience with an interactive and functional interface.

ACHIEVEMENTS

Improved Application Performance
Successfully optimized loading times by 40% for a major web application by implementing code-splitting and lazy loading techniques, enhancing overall user satisfaction and retention.

User Engagement Increase
Designed and developed a new user interface for a mobile application that resulted in a 25% increase in daily active users within three months of launch.

Award for Excellence
Received the Healthsignz Technologies Pvt Ltd "Employee of the Month" award for outstanding contributions to the redesign of the company's flagship product, leading to a 15% boost in customer feedback ratings.

Cross-Functional Collaboration
Led a team initiative that fostered collaboration between design and development departments, streamlining the workflow and reducing project delivery time by 20%.
